EMPLOYMENT HISTORY

Background	Communication comes to me naturally, dealing with diversity always motivate me. Empathy, according to me is best tool to deal any given situation with. Creative, is what I would introduce myself as. I am a firm believer of the fact that if reinvention of wheels is nothing but wastage of time, forbidding them to get redesigned as per the current / modern requirements, would not bring you anything but leave you far behind in today's ever changing modern and technological era. Being creative does not mean that one always differs to the routine practice, instead it is the art of always having the other rather unconventional ways to deal with any given situation. And that is how I best describe myself as. As someone who never gives up
