EMPLOYMENT HISTORY

Year Of Exprience 1.5 yrs

Background	I am a Mechanical and Manufacturing Engineer with hands-on experience in machine operation, maintenance, and CAD/CAM design across manufacturing, energy, and logistics industries. I'm skilled in troubleshooting, mechanical installations, fabrication, and preventive maintenance, with a strong focus on safety compliance and production efficiency. I excel at analyzing technical problems, optimizing processes, and collaborating with teams to improve equipment performance and reduce downtime. My strengths also include technical documentation, leadership support, and implementing practical process improvements that enhance reliability and output. Most recently, I worked with WTS Energy, where I supported the operation and maintenance of production machinery, performed mechanical troubleshooting, and contributed to efficiency improvements. At present, I am seeking new opportunities to apply my engineering expertise and continue growing in a dynamic and challenging environment.
