EMPLOYMENT HISTORY

Year Of Exprience 06

Background	<p>This is Tonmoy Hasan Abir. I have been working as an assistant engineer at Clark Energy Bangladesh Ltd (A sister concern of Kohler Company). I'm a highly organized and self-driven individual who likes to take challenges and I'm passionate about building my career in the field of power generation sector. Expert in applied research, simulation, new content development, and validation. Leads team with solid communication and presentation skills and the ability to coordinate with staff, management, and vendors to achieve maximum results. Collaborate with engineers and developers to create and operationalize cutting-edge alternative power plant concepts with automotive applications. Develop additional tooling techniques and ideas to increase production effectiveness. Based on my experiences, I have worked in the service departments of two different companies as a mechanical engineer, focused on maintaining and supporting gas-powered generation plants and engines. Provide on-site support during installation, commissioning, and testing of energy systems, ensuring they are operational and compliant with safety regulations. At Clarke Energy, I have been responsible for providing technical expertise to help the complete Jenbacher gas engine product portfolio, maintaining and promoting long-term customer relationships, and working with local service teams. Keep detailed logs of maintenance activities, repairs, and system performance. Ensure that all maintenance records are up-to-date. Ensure all activities are in compliance with health, safety, and environmental regulations, including Clarke Energy's internal policies and legal standards. Work closely with senior maintenance engineers to gain hands-on experience, learn new techniques, and develop deeper technical expertise. Be prepared to respond to emergencies, such as equipment malfunctions or safety hazards, and take action to prevent injuries or system damage. At Navana CNG Ltd., I have worked on maintaining and supporting customers for Hino and Toyota engines, analyzing engine units after overhauling, and reporting to seniors and service managers. My skills include overhauling, maintenance, and repair.</p>

NOTE:-

We are Workers in Armenia / Galaxy Seven Armenia, a recruitment and employment support organization assisting employers and foreign workers in the Republic of Armenia. We have been appointed as HR consultant for the above applicant. The above (CV) applicant is our registered and recognized candidate; therefore, we assure you that the applicant will be well-mannered, sober, and gentle. After confirming hiring eligibility, our company will assist the applicant in preparing the required documents for the work authorization process and, where applicable, for obtaining a legal work residence permit in Armenia. After completion of formalities, our company will support the applicant by providing basic but very important HSE and first-aid training. Workers in Armenia / Galaxy Seven Armenia will also provide proper knowledge to the applicant about work ethics/behavior and the applicable laws and regulations of the Republic of Armenia. Our office representative will be accessible at all times through our Armenia office with 24/7 online support to respond to the employer (Company) and assist throughout the entire process. Our entire service follows ethical recruitment practices. We do not charge any money/fees from the applicant for VISA or JOB in Armenia.
