Background	I turn tedious tasks into automated workflows! Tired of your team getting bogged down by repetitive work? I can help you with various automation tools to supercharge their efficiency. From chatbots and virtual assistants (like Intercom, Zendesk, and Drift) that handle customer service inquiries to marketing automation platforms (HubSpot, Mailchimp, Marketo) that manage email marketing, social media, and lead nurturing – I've got you covered. My expertise goes beyond marketing. I can also implement HR automation tools (BambooHR, Workday) to streamline onboarding, payroll, and performance reviews. Got accounting and finance tasks? No problem! I can set up automation software (QuickBooks, Xero, Expensify) to handle invoicing, expense tracking, and financial reporting. Basically, if it's a repetitive task slowing down your team, I can automate it! Let's chat and see how I can free up your team's time to focus on what truly matters. Ready to take the plunge?
