EMPLOYMENT HISTORY

Year Of Expreience	04
---------------------------	----

Background	I have around four years of hands-on experience working as a helper at a printing shop, where I developed practical skills in Adobe Photoshop, basic design editing, English typing, and reading. I'm not an expert in Photoshop, but I can confidently handle editing tasks that fall between basic and intermediate levels. During this time, I also gained solid experience in operating computers, handling files, printing jobs, and assisting with customer needs. This experience helped me become more comfortable with technology, multitasking, and working in a fast-paced environment. Currently, I've moved on from the printing shop and am focusing on exploring new opportunities to grow my skills and career in areas like freelancing and online business.
